INTRODUCING ISUTAMI SOURCING COMPANY

Since 2011, Isutami Sourcing Company, Ningbo, China has been providing product sourcing solutions for the Bearing and Power Transmission industry. We are a team of professionals dedicated to providing companies with their product sourcing needs.

As your Sourcing Partner, we are well-equipped to provide you with the tools and services that you need to compete in the ever-changing global markets. Our expertise is to provide our customers with the right products based on the required application and price points, guaranteed.

We provide our customers with an extensive array of service:

- ISO Certified Facilities
- 30 Employees
- Application Assessment Experts
- On Staff Engineering Team
- Order Monitoring
- Cross Cultural Working System
- Foreign and Chinese Interpreters
- Global Logistics Team
- Reduced Risk Factors
- QC Audits and Negotiations
- Sourcing Credentials
- Local Warehousing in Isutami China Warehouse
- On-Site Inspection/Audit Service

COMMUNICATION

High quality business interpretation can be complex, highly nuanced and the most important part to developing international projects. Isutami Sourcing Company has highly trained and experienced Foreign and Chinese interpreters who combine cross cultural understanding with technical and import-export expertise.

- Project development
- Schedule meetings
- Travel support
- Translation
- Clear understanding of China and other working cultures

SOURCING

Isutami Sourcing Company is a third party with facilities in the customers' country and the manufacturers' country. Our expertise is having many qualified suppliers that offer bearings and power transmission products, reducing the risk factor for our clients.

- Qualifying the application and requirements
- Matching our manufacturers with your requirements
- Establish price points
- Perform supplier audits and evaluations
- Only promote Isutami vetted and qualified suppliers
- Pre-select suppliers for your application
- Negotiate minimum order and sample requirements
- Provide payment terms when needed

FACTORY AUDITS & VISITS

The factory audits clearly establish the type of supplier audit required, its deliverables, and parameters. We have developed our own audit process and document templates but can also accommodate our clients' needs.

- Full factory audits to include administrative, financial, and commercial data as well as pictures and conclusions.
- Offer solutions to remedy potential failures or non-conformities.
- Audit report and conclusion.

QUALITY CONTROL

Delays, mistakes, and non-conformance have significant effects on your schedule, budget, and your reputation. Having a qualified Quality Control and Inspection process in place will assure that the products conform to our customers' application requirements.

- PPAP order and approval prior to production
- Isutami issued inspection process for all products ordered by Isutami
- Inspection Reports for all samples and production orders
- Raw material inspection

ORDER MONITORING

From order placement to receipt of goods, we oversee your order, help you forecast potential delays or quality defects, and provide you with efficient information. Our follow-up policy with suppliers, mandates standard schedules of communication to ensure that all deadlines are handled and met in a professional manner.

- Material monitoring
- Production monitoring
- Post-production monitoring
- Shipment monitoring
- Post-delivery support

LOGISTICS

As part of our logistics support, we can give you advice on the most appropriate and cost-efficient shipping method. From factory loading, to the shipping port, to the final destination, each step is planned and overseen by our team. You will know exactly the location and status of your order from production completion to arrival at your facility.

- Shipping plan
- Shipping method selection
- Loading and unloading
- Tariff and duty payments if required
- Customs clearance
- Shipment tracking

Agriculture Bearings

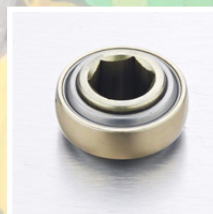

AGRICULTURE INDUSTRIES

- Hex Bore Bearings
- Seeder Bearings
- Combine Bearings
- Baler Bearings
- Flange Units
- Square Bore
- Hub Bearings
- Gang Disc Bearings

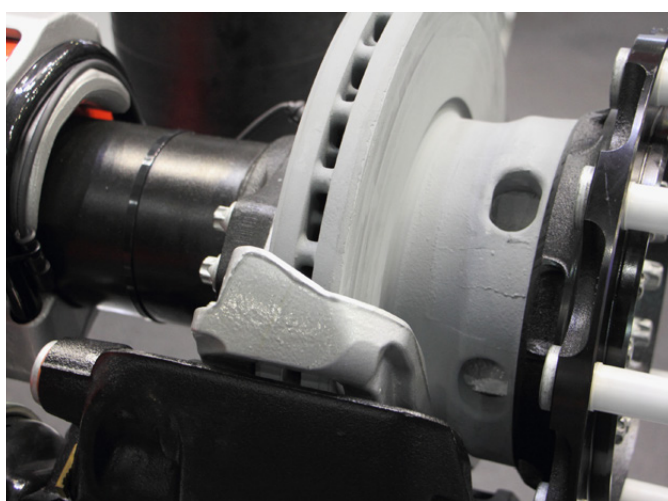

APPLICATIONS

- Tractors
- Tillers
- Grain Haulers
- Lawn Mowers
- Grain Vacuums
- AG Gear Reducers

Tapered Roller Bearings

TAPERED ROLLER

TAPERED ROLLER BEARINGS

- Single Row Tapered Roller
- Double Row Tapered Roller
- Tapered Roller Assemblies
- Inch & Metric Series
- Sealed Style
- 52100 Steel

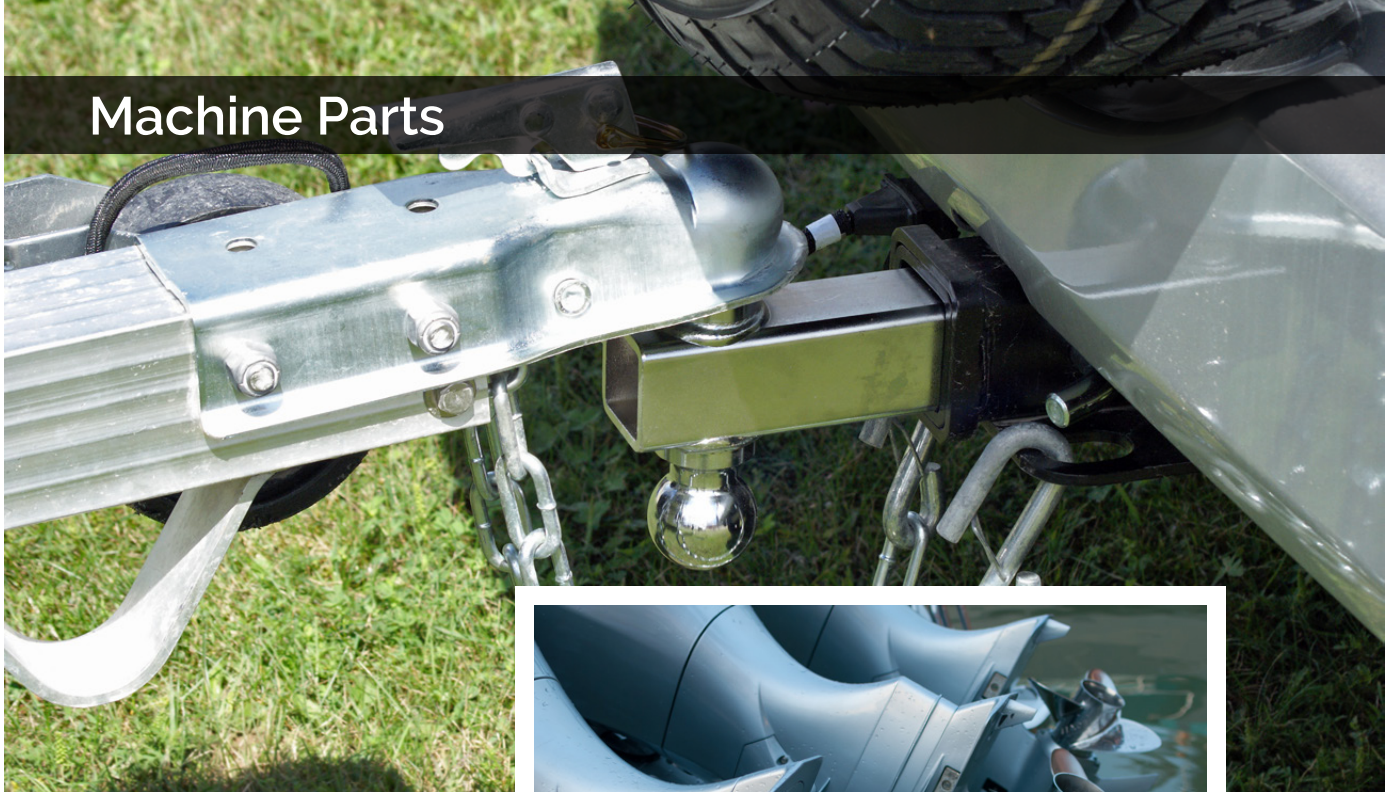

APPLICATIONS

- Axle/Hubs
- Agriculture Equipment
- Automotive
- Bulk Conveyor Rollers
- Trailers
- Gear Boxes

MACHINE PARTS

Machine Parts

MACHINE PARTS

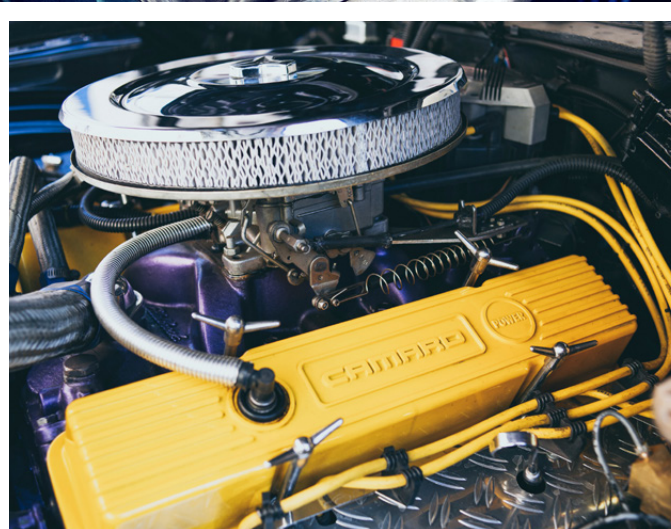

- Precision Motor Shafts
- Automotive Parts
- Agricultural Parts
- Marine Parts
- Food Processing parts
- Valve Connectors
- Spindle Assemblies

APPLICATIONS

- Motors
- Gear Boxes
- Pumps
- Conveyors
- Lawn & Garden
- Medical
- Marine

Automotive Bearings

AUTOMOTIVE BEARINGS

- Deep Groove Ball
- Wheel Hub Assembly
- Front/Rear Wheel Bearings
- Crank Shaft Bearings
- Engine Bearings
- Double Row Ball

APPLICATIONS

- Tensioner Pulleys
- Engines
- Wheel Axles
- Wiper Motors
- Starters & Alternators
- Air Conditioner

AUTOMOTIVE

Spherical & Cylindrical Bearings

SPHERICAL & CYLINDRICAL BEARINGS

- Shaker Screen
- Bronze Retainer
- Tapered Bore
- Extra Capacity
- NU, NJ, NUP, NN
- NU200, NU300
- NU400

APPLICATIONS

- Steel Production Equipment
- Transportation
- Renewable Energy
- Agricultural Machinery
- Industrial Mixers
- Aggregate Equipment

SAF/SAFS Split Pillow Blocks

SAF/SAFS MOUNTED UNITS

- Spherical Roller Units
- Fixed & Floating
- Cast Iron Units
- Steel Housed Units
- Plummer Blocks
- Split Pillow Blocks
- Adapter Sleeve

APPLICATIONS

- Agricultural
- Infrastructure
- Ocean Energy
- Building Equipment
- Road Construction
- Cement Making
- Mining & Quarry

SAF/SAFS UNITS

Needle Roller Bearings

NEEDLE ROLLER BEARINGS

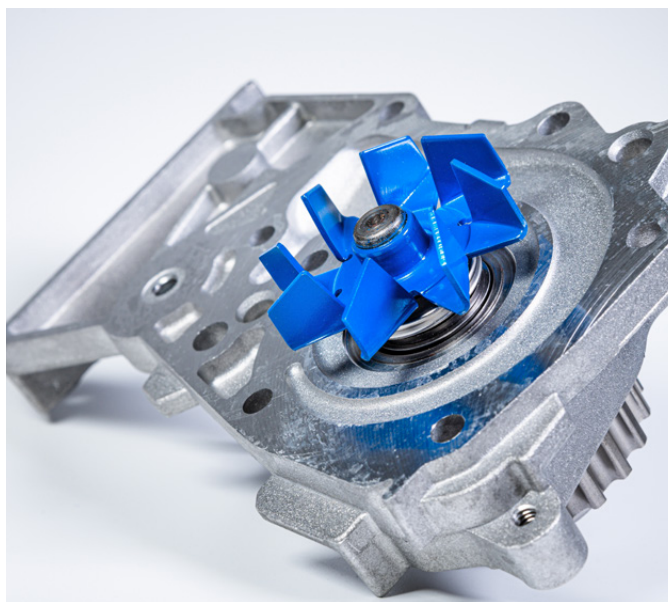

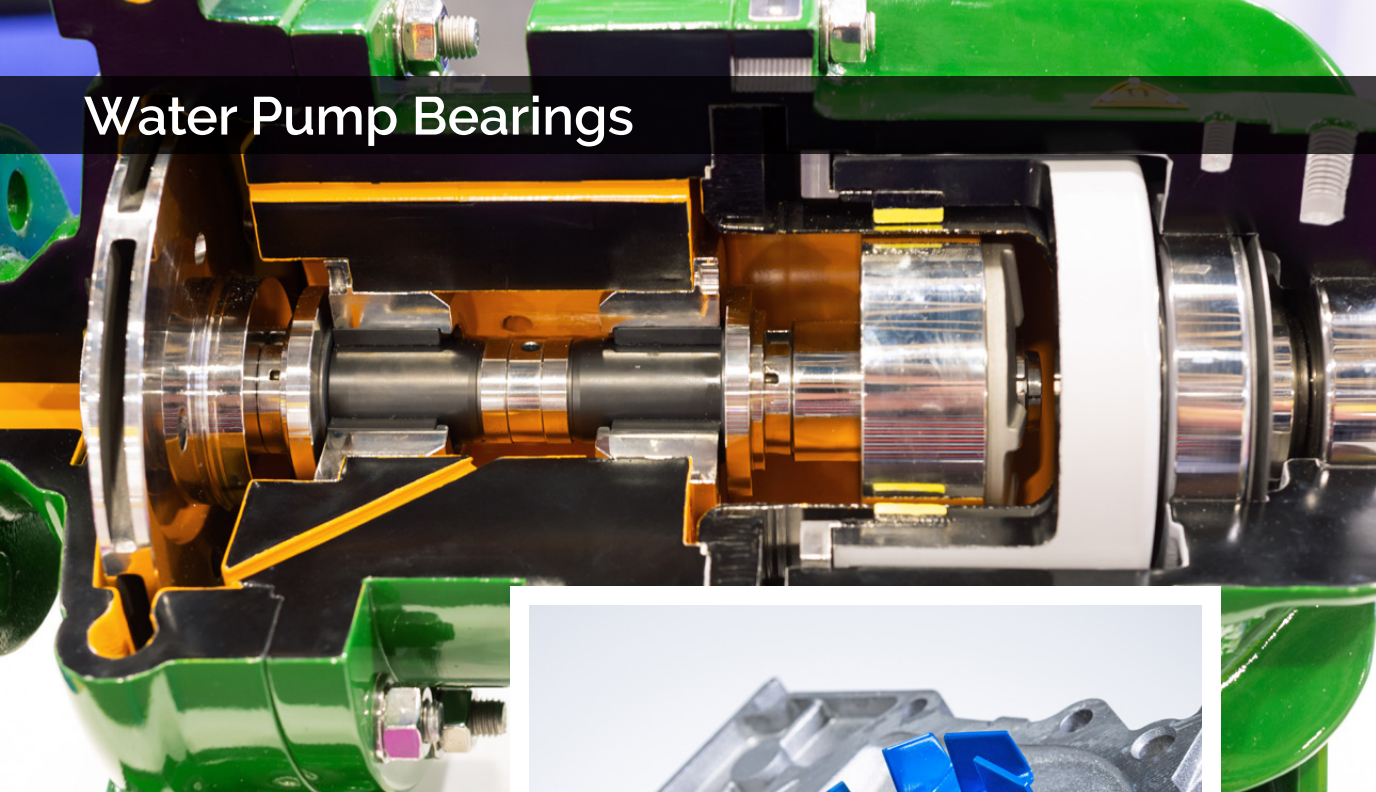

- AXK Thrust Needle
- Caged Drawn Cup
- One Way Bearings
- Full Compliment Roller
- Sealed Needle Bearings
- Heavy Duty Needle Roller

APPLICATIONS

- Idler Pulleys
- Automotive
- Baggage Handling Conveyors
- Chemical
- Food Processing
- Fitness Equipment

Water Pump Bearings

WATER PUMP BEARINGS

- Double Row
- Integral Shaft
- Ball-Ball Type
- Ball-Roller Type
- Long Life Bearings

APPLICATIONS

- Automobile
- Water Treatment Plants
- Energy Industry
- Cooling Towers
- Industrial Pumps

WATER PUMP

SLEWING RING

Slewing Ring Bearings

SLEWING RING BEARINGS

- Four Point Contact
- Eight Point Contact
- Cross Roller
- Wind Energy Bearings
- External Geared
- Internal Geared

APPLICATIONS

- Heavy Equipment
- Mining
- Oil and Gas
- Utility Trucks
- Forestry
- Robotics

Trolley Wheel Bearings

TROLLEY WHEEL BEARINGS

- Overhead Conveyor Trolleys
- Heavy Duty Trolley Wheel
- Hand Pushed Trolleys
- Full Ball Trolley Wheel Bearings
- Trolley Wheels with Caps
- Open Trolley Wheels
- Trolley Wheels with Attachments

APPLICATIONS

- Hand Trucks
- Overhead Conveyors
- Track Conveyors
- Automotive Conveyors
- Trolley Wheel Castors
- Trailers and Running Gears
- Bridge Cranes

TROLLEY WHEEL

SPROCKETS & CHAIN

Sprockets & Roller Chain

SPROCKETS & CHAIN

- A, B, C Type Sprockets
- Single, Double, Triple Sprockets
- Idler Sprockets
- Taper Lock Sprockets
- QD Sprockets
- Single, Double, Triple Strand Chain
- Conveyor Chain

APPLICATIONS

- Food Processing Equipment
- Conveyors
- Bicycle
- Garage Doors
- Material Handling
- Fork Lifts

Weld on Hubs & Bushings

WELD ON HUBS

WELD ON HUBS & BUSHINGS

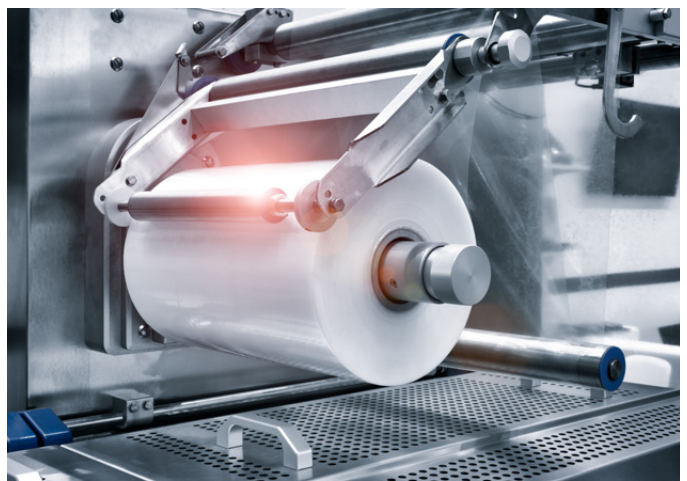

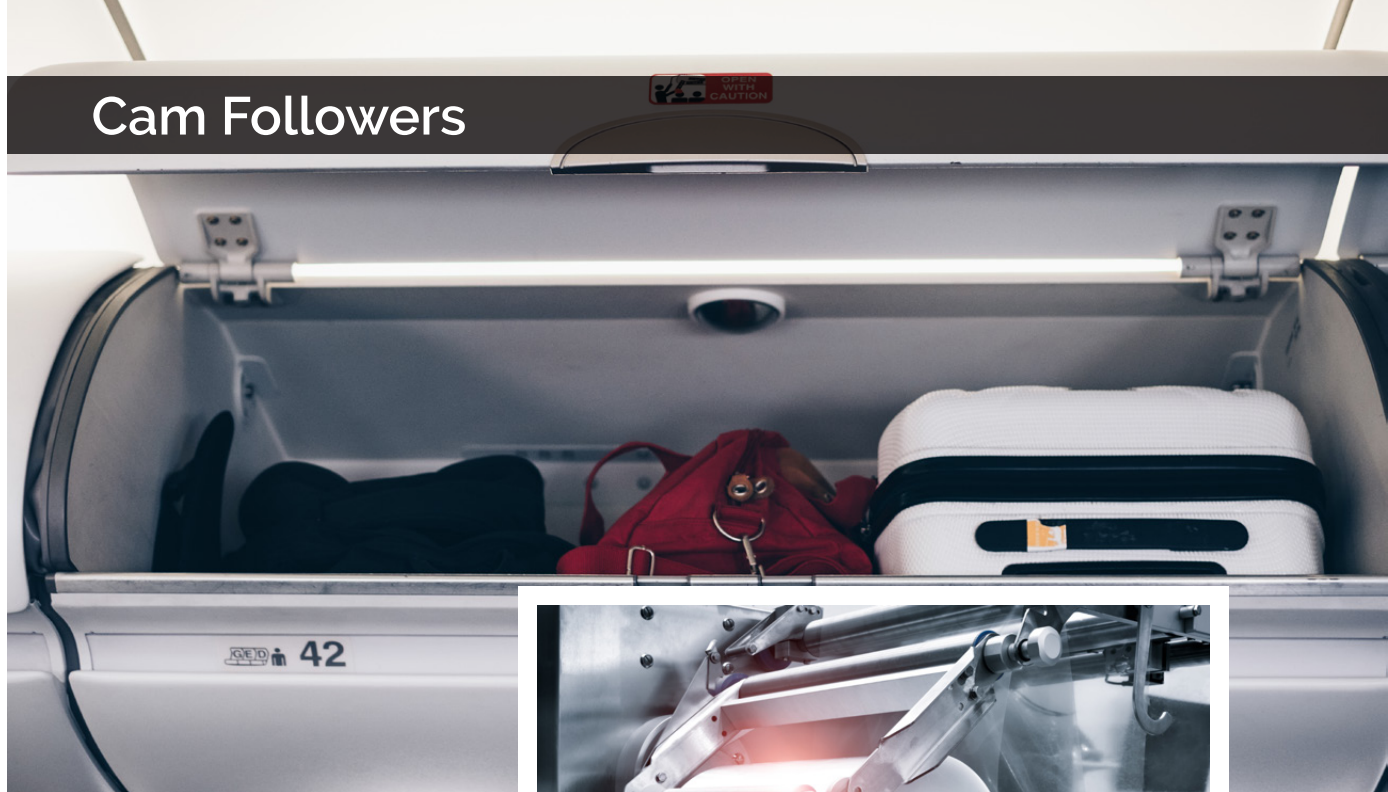

- Taper Lock Weld on Hubs
- QD Weld on Hubs
- XTH Hubs
- XTB Bushings
- Taper Lock Bushings
- QD Bushings

APPLICATIONS

- Mining Equipment
- Air Handling
- Fan Rotors
- Conveyor Systems
- Industrial Pulleys

CAM FOLLOWERS

CAM FOLLOWERS

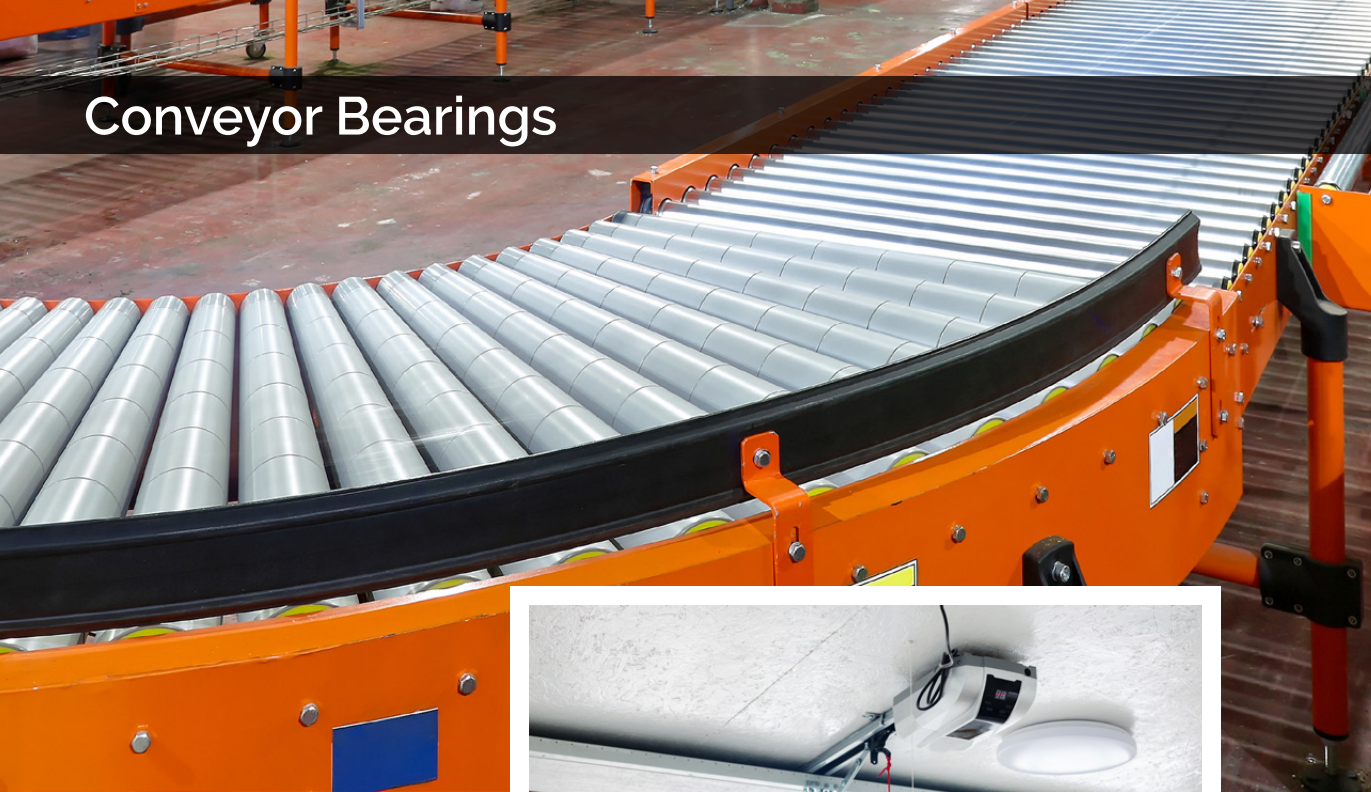

- Cam Yoke Rollers
- Crowned Cam Followers
- Heavy Stud Series
- Stainless Steel Cam Followers
- Inch & Metric Series
- Hex Drive Socket
- Screw Drive Slot

APPLICATIONS

- Pull Tarps
- Aircraft Storage
- Seats
- Packaging Machinery
- Conveyors
- Material Handling
- Pumps/Compressors

Conveyor Bearings

CONVEYOR BEARINGS

- Hex Bore Bearing
- Gravity Roller
- Nylon & Plastic Bearings
- Flange Type
- Stainless Steel
- Ball Bearing Sheaves
- Precision, Semi-Precision, Unground

APPLICATIONS

- Garage Doors
- Conveyor Wheels
- Caster Wheels
- Conveyor Rollers
- Overhead Conveyors
- Agricultural Wheels
- Lawnmower Wheels

CONVEYOR

SHAFT COLLARS

Shaft Collars

SHAFT COLLARS

- Solid Steel set screw
- One Piece Split
- Two Piece Split
- Two Piece Clamping
- Double Split
- Stainless Steel/
Black Oxide
- Yellow Zinc Oxide
- Engineered Plastic

APPLICATIONS

- Machine Tools
- Robotics
- Conveyors
- Fitness Equipment
- Metal Forming Machinery
- Medical Equipment
- Food Processing Equipment

BEARING COMPONENTS

- Inner & Outer Races
- Cages, nylon & Steel
- Ball Bearings
- Seals
- Shields
- Needle Rollers
- Spherical Rollers

APPLICATIONS

- Precision Bearings
- Needle Roller Bearings
- Bearing Assemblies
- Semi-Finished Bearings
